

Ruwan Ratnayake

Operations & Support Engineer

Nationality: Austria (EU) | Based in Sri Lanka

Email: rt.ratnayake@gmail.com | Phone: +94 766981521

Professional Summary

I am an Operations & Support Engineer with over 10 years of expertise in SaaS environments. My work focuses on technical support, data integration, and SQL-based troubleshooting. I enjoy solving complex issues, improving system performance, and helping clients get the best from their data platforms.

Work Experience

Operations & Support Engineer | (Company name withheld), Leipzig, Germany (Remote – Sri Lanka)

Dec 2022 - Present

Providing technical support under the umbrella of ETL/ELT processes and virtualization of data by setting-up, configuring, troubleshooting and debugging various eCommerce REST API connectors; and JDBC Drivers from numerous data sources in a SaaS environment. Advising, assisting, devising, troubleshooting and debugging SQL procedures and other scripts for clientele to help them retrieve their anticipated datasets.

L3 HelpDesk | Odyssee Mobile NV (aka Wello Solutions), Brussels, Belgium (Remote – Sri Lanka)

Nov 2013 - Dec 2022

Helpdesk & Quality Assurance. Primary Role: B2B Helpdesk. Resolving & troubleshooting Odyssee SaaS solutions for customers. Incident Management – bug replication, documentation and escalation to Development. Interaction with Product Owners advocating customer's change requests. Database analytics – Querying in SQL to troubleshoot data problems. Secondary Role: Quality Assurance – checking User Interface for bugs on Android, Windows UWP & Website portal.

Business Intelligence Systems Analyst | UPC Telekabel Wien GmbH, Vienna, Austria

2008 - 2009

Translating business needs into analytics/reporting requirements, and interfacing with internal team members to ensure successful delivery of BI reports from different departments.

Jr. Fraud & Risk Analyst | CQR Payment Solutions GmbH, Bwin Group, Vienna, Austria

2006 - 2008

B2C Gaming platform fraud and risk analytics of gaming clients for various payment platforms. Risk checks applied during online payments, implementation of anti-fraud and security solutions.

Technical Support | Sagem Communications Austria GmbH, Vienna, Austria

2005 - 2006

Providing customers with dedicated support & solutions on printing and fax devices as well as TV set-top-boxes.

Resolution Owner | IBM UK Ltd./Lenovo UK Ltd, Greenock, Scotland

2001 - 2003

Single-point-of-contact for clients who have been disappointed with IBM's performance. Duties included turning complaining clients into loyal IBM clients by being responsive and proactive.
