Professional Summary

Operations & Support Engineer with solid SaaS experience; specializing in technical support, data integration and SQL-based troubleshooting. Experienced in resolving complex technical issues, improving system performance and supporting customers across diverse data platforms.

Professional Experience

Operations & Support Engineer EMEA | CData Software (Data Virtuality GmbH)

Dec 2022 - Jan 2026 | Leipzig, Germany (Remote - Sri Lanka)

- Provided Level 1 & 2 technical support within ETL/ELT and data virtualization environments by setting up, configuring, troubleshooting, and debugging various integrations such as:
 1. eCommerce RESTful API connectors via Postman, curl and SQL
 2. JDBC drivers, across numerous data sources on the SaaS platform.
- Diagnosed and resolved software and integration-related issues by evaluating server logs while collaborating with cross-functional teams to address complex technical challenges and performed root cause analyses involving internal stakeholders and external vendors.
- Guided customers on proper configurations, best practices, and troubleshooting techniques to improve data retrieval accuracy within databases.
- Documented and tracked customer issues, resolutions, and best practices, contributed to the knowledge base, and supported the development and validation of technical documentation through environment testing and procedure reviews. Maintained awareness of emerging trends and technologies in data integration to ensure high quality customer support and service delivery.

Level 1, 2 & 3 HelpDesk | Odyssee Mobile NV (Wello Solutions)

Nov 2013 - Dec 2022 | Brussels, Belgium (Remote - Sri Lanka)

- Provided B2B helpdesk support for SaaS solutions.
- Performed incident management, HTML/CSS bug replication, documentation, and escalation.
- Collaborated with Product Owners on customer change requests.
- Conducted SQL-based database analysis and troubleshooting.
- Performed quality assurance testing on Android, Windows UWP, and web applications.

Career Pause - Entrepreneur | *Family run restaurant business*

2009 – 2013 | Colombo, Sri Lanka

Business Intelligence Systems Analyst | UPC Telekabel Wien GmbH

2008 - 2009 | Vienna, Austria

- Translated business requirements into reporting and analytics solutions.
- Worked with internal stakeholders to deliver BI reports.

Jr. Fraud & Risk Analyst | CQR Payment Solutions GmbH, Bwin Group

2006 - 2008 | Vienna, Austria

- Performed fraud and risk analysis for online gaming payments.
- Supported anti-fraud and security initiatives.

Technical Support | Sagem Communications Austria GmbH

2005 - 2006 | Vienna, Austria

- Provided customer support for printing, fax, and TV set-top box products.

EMEA Resolution Owner | IBM UK Ltd. / Lenovo UK Ltd.

2001 - 2003 | Greenock, Scotland, UK

- Acted as a single point of contact for escalated customer issues.
- Focused on customer retention through proactive issue resolution.
